EDUCATION

IFTM University Lodhipur Rajput Moradabad

Bachelor of Computer Applications

2022-2025

St. Anthony's School , Asmoli Sambhal,up(CBSE Board)

Intermediate Examination :72.2%

2021-2022

Academy Of Morden Learning Gunnaur, Sambhal, up (CBSE Board)

High School Examination: 61.83%

2019-2020

PROJECT

Power BI Dashboard with Blinkit Application Data

With interactive visuals, real-time data updates, and easy-to-understand charts, you can now get actionable insights in just a few clicks! Check out the dashboard and explore the data-driven insights to make smarter decisions.

Sales prediction using python

Utilize Python and machine learning libraries to build a predictive model that forecasts future sales based on historical data, helping businesses make data-driven decisions and optimize inventory management.

SKILLS

- **Programming:** Python (Pandas, NumPy, Matplotlib), SQL, Power BI, Excel
- **Expertise:** Data analysis, dashboard creation, dataset management, database handling, data-driven decision-making

CERTIFICATE

- Data Analytics and Visualization Jop Simulation **Certificate By Accenture**
- Python **Certificate By Kaggle**
- Get Started Building With **Power BI By Microsoft**
