EDUCATION

Bachelor of Technology in CSE

Rajasthan Technical University (RTU) | 2023-2027

- Relevant Coursework: Data Science, Data Analytics, Seaborn, OOPs, Databases

Senior Secondary (12th Grade)

+2 High School, Saharsa (Bihar) | 2021-2023

Matriculation (10th Grade)

Madhyamik School Arsi, Son Barsa, Saharsa (Bihar) |2021

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib), SQL

Libraries/Tools: Power BI, Excel, Tableau, MySQL

Software/Tools: Git, Windows, VS Code, Jupiter

Concepts: Computer Networks (Basics)

Soft Skill: Problem-Solving, Team Collaboration, Technical Documentation

TECHNICAL PROJECTS

1. Sales Data Analysis Dashboard

- Cleaned and analysed sales data using Python/SQL; visualized trends in Power BI.
- Utilized Pandas and NumPy for data cleaning and transformation.
- Created visualizations with Matplotlib and Seaborn to highlight key business insights**.**

2. Exploratory Data Analysis (EDA)

- Processed datasets in Excel/Python, reducing missing values by 30%.

3. SQL Database Analysis Project

- Designed and queried relational databases using SQL to extract meaningful patterns.
- Optimized queries for performance and generated reports for stakeholders.
